Meeting between India, Myanmar, and Thailand on the Motor Vehicle Agreement 13-14 July 2015: Bangkok, Thailand

The Meeting of Transport Secretaries of India, Myanmar and Thailand (IMT) on Cross-Border Transport Facilitation was held to prepare implementing protocols for the final draft of the IMT Motor Vehicles Agreement (MVA). This was preceded by a Customs Sub-group Meeting on 13 July 2015, which focused on Customs-related protocols of the IMT MVA. The Meeting agreed on the substantive content of all articles and schedules for the proposed draft protocols, including the IMT Ministerial Meeting in Myanmar in November 2015, and the way forward in implementing the MVA.

Regional Workshops on RAMIS Automated Customs Module: Priority 1 1-11 July 2015: Phuentsholing, Paro, Samtse, Gelephu, Samdrupjongkhar, and Thimphu, Bhutan

The Department of Revenue and Customs (DRC), Ministry of Finance, Bhutan conducted a User Acceptance Testing (UAT) in May 2015 of the initial component of the Revenue Administration and Management System (RAMIS) Customs and Excise Module for focal officials of DRC. This technical training was the first in a series for RAMIS, DRC's upgraded automated system for Customs clearance procedures to be rolled out in early 2016. Following the UAT, the DRC focal officials delivered hands-on testing and training sessions in July 2015 to all Customs officers throughout Bhutan on how to use the first components of RAMIS applications.

Bhutan SASEC Road Connectivity Project to Begin September **23 July 2015: Thimphu, Bhutan**

Construction to improve Pasakha Access Road in Phuentsholing, Bhutan will start in September, said officials from Bhutan's Department of Roads, Ministry of Works and Human Settlement (MOWHS). This road section—a key output of the SASEC Road Connectivity Project in Bhutan—will access a bypass road from Bibarey near Manglabarey, providing trucks and other vehicles an alternate route to industrial sites in Pasakha. Once constructed, it is expected to decongest traffic in Phuentsholing and Jaigaon, India. MOWHS awarded the contract to build the 1.2-kilometer access road to the Gaseb-SPML-Macaferi joint venture. This commission is scheduled to be completed by September 2017.

ADB Power Grid Loan Under Preparation **14 July 2015: Manila, Philippines**

The Asian Development Bank (ADB) has set three conditions for the \$120 million loan that will finance expansion of the Bangladesh-India Electrical Grid Interconnection Project: public notification of tariff regulations, issuing bids for power purchase from India, and written confirmation from the power grid corporation of India for transmission of an additional 500 megawatt of electricity to Bangladesh. The \$120 million loan being negotiated will finance interconnection facilities for the Bheramara-Bahrampur grid link. ADB approval is targeted for third quarter of 2015, and installation of grid interconnection is set for completion by October 2017.

Bangladesh and Bhutan Customs Officials Discuss Removal of Non-Tariff Barriers

28 July 2015: Thimphu, Bhutan

Customs officials from Bangladesh and Bhutan discussed removal of barriers that restrict bilateral trade, and the sharing of import and export data between the two countries. As important trading partners, Bangladesh and Bhutan are working to resolve non-tariff barriers to enhance trade efficiency and boost the exchange of goods. Currently, 18 products from Bhutan are duty free in Bangladesh and 90 products from Bangladesh are duty free in Bhutan. Bilateral trade has been rapidly growing in recent years.

Asian Highway Section to be Operational in 2016 **26 July 2015: Bangkok, Thailand**

The Asian Highway – and part of the India-Myanmar-Thailand (IMT) Trilateral Highway – will connect Moreh in India to Mae Sot in Thailand, via Mandalay and Yangon in Myanmar. The road will be linked further to Cambodia, Laos, and Vietnam. The IMT Motor Vehicles Agreement (MVA) will help seamless movement of cargo and passenger across borders. The IMT MVA is scheduled to be signed during a transport ministers meeting of the three countries in Myanmar in November 2015 and expected to be operational in 2016.

Indian Government Approves India-Bangladesh Rail Link **26 July 2015: Agartala, India**

The Indian Government sanctioned about \$155.8 million to lay a 15.06-kilometer (km) section of railtracks, connecting Indian Railways with Bangladesh through the North East. This India-funded Agartala-Akhaura railway junction in Bangladesh would reduce the distance from Agartala to Kolkata from 1,650 km to 515 km, avoid mountainous terrain, improve trade and commerce, and enhance connectivity. The project is expected to be completed in 2017.

SASEC Region Trade Integration Indicators Updated **22 July 2015: Manila, Philippines**

Integration indicators in the South Asia Subregional Economic Cooperation (SASEC) subregion have been updated to include 2014 data, based on calculations by the Asian Development Bank's Asia Regional Integration Center. SASEC trade integration has continued to increase over 2012-2014, as shown by its Intra-regional Trade Intensity Index (ITII) which now has caught up – and even exceeded in 2014 – Asia's ITII. SASEC still mostly trades outside its region but the intra-regional trade share indicates an increasing trend in intra-regional trade.

BRICS Launches New Development Bank **21 July 2015: Shanghai, China**

Officials from the world's largest emerging nations – Brazil, Russia, India, China, and South Africa (BRICS) – launched the New Development Bank (NDB) on 21 July 2015 in Shanghai, China. The NDB will lend money to developing countries and help finance infrastructure projects in BRICS countries. Pitched as an alternative to institutions such as the World Bank and International Monetary Fund, NDB President Kundapur Vaman Kamath said the bank's objective is not to challenge the existing system but to improve and complement the system. India Releases Full Padma Bridge Grant, Asks Bangladesh to Start New Loan Implementation

16 July 2015: Dhaka, Bangladesh

The full \$200 million grant pledged by India to Bangladesh for construction of Padma Bridge under a \$1 billion loan agreement has been disbursed. An official from Bangladesh's Economic Relations Division confirms release of the final \$50 million tranche of the grant in late June 2015. The Padma Bridge is a multipurpose road-rail bridge across the Padma River which the Government of Bangladesh plans to build by 2018, connecting the country's southern districts to Dhaka.

SAARC Cross-border Infrastructure Boost from India's Capital Contribution to the SDF

16 July 2015: New Delhi, India

The Government of India headed by Prime Minister Narendra Modi has cleared utilization of India's capital contribution to the South Asian Association for Regional Cooperation (SAARC) Development Fund (SDF) for its Infrastructure and Economic Windows, to address infrastructure bottlenecks and promote growth in the SAARC region. This approval will help boost projects, including cross-border infrastructure, that will increase intra-SAARC trade and maximize the region's growth potential. It will also help improve financial inclusion and social security among disadvantaged or vulnerable members of SAARC. [Read More >>](#)

Nepal Budget Emphasizes Air, Road Connectivity

14 July 2015: Kathmandu, Nepal

The Government of Nepal unveiled a number of infrastructure projects for transport and energy in its budget for fiscal year 2015-2016 to further increase the country's economic growth, announced by Nepal Finance Minister Ram Sharan Mahat. The Ministry of Physical Infrastructure and Transport Management received an increase of 25% from the budget. Total allocation of about \$531 million from the total budget of around \$8.11 billion includes planned road projects to boost transport connectivity. About 170 bridges will also be completed under this funding line, along with strategic road sections in the Terai-Madhesh region. [Read More >>](#)

First Bhutan-India Hydropower Project Joint Venture Formally Registered 8 July 2015: Thimphu, Bhutan

The certificate of incorporation for the 660 megawatt Kholongchu Hydropower Project (KHP) was formally handed over to Bhutan's Druk Green Power Corporation and India's Satluj Jal Vidyut Nigam on 3 July 2015 by Bhutan Economic Affairs Minister, Mr. Norbu Wangchuk. Construction license from the Bhutan Electricity Authority is expected to follow KHP's formal registration, allowing the company to begin works on the hydropower project. Officials of KHP expect construction of about 40 kilometers of road leading to the project site to soon commence, and estimate completion of the roads in a year.

India Considers Re-establishing Rail Link with Sri Lanka 7 July 2015: Chennai, India

Indian Prime Minister Narendra Modi is considering a proposal to establish a rail bridge linking Rameswaram, a coastal pilgrim center in Tamil Nadu and Talaimannar, Sri Lanka. The two countries would be linked if the project materializes. A short boat ride used to connect the railway lines that ended at Talaimannar, Sri Lanka and Dhanushkodi, India. A proposal of about \$3.6 billion for road and rail link has been submitted to the Asian Development Bank for pre-feasibility study and financing.

Bangladesh Prioritizes FTA, PTA with India, China, and Market Diversification 7 July 2015: Dhaka, Bangladesh

Bangladesh's 7th five-year plan focuses on a bilateral free trade area (FTA) with India and preferential trade area agreements with China to facilitate exports to these countries. India and China are important trading partners for Bangladesh due to their vast economies. The 7th five-year plan also prioritizes market diversification by exploring emerging potential markets to lessen dependence on the European Union and United States. However, exporting to India and China remains difficult due to restrictive Rules of Origin and non-tariff barriers. Bangladesh can benefit if the FTA reduces non-tariff barriers and encourages foreign direct investment.

World Trade Organization's Fifth Global Review of Aid for Trade 2 July 2015: Geneva, Switzerland

Heads of various international agencies agreed during the Fifth Global Review of Aid for Trade that reducing trade costs through initiatives such as World Trade Organization's Trade Facilitation Agreement will help poor countries reap benefits of the global trading system. The Fifth Global Review examines actions taken to reduce trade costs so that developing countries and least-developed countries can participate more effectively in global trade.
